ABSTRACT

Instructions for the preparation of camera-ready manuscripts for publication are given.

(one blank line)

1. INTRODUCTION

Everything on the page must fit within A4(210×297mm)size, including tables, figures, and captions. NOTE: In order to get the most out of each page, please use all the allotted space. For example, if a photo or figure is at the bottom of a page, and there is still space to fit a few more lines of text below it, please do so. Please do not leave large areas of white space if tables do not fit at the bottom of a page. Fill that page with text, move the table to the next page, and reference in the text that the table is on the following page.

Please send the completed file to kaori Fujimoto(kaori@iae.kyoto-u.ac.jp) no later than AUGUST 27,2004.
